Skirts and dresses should be of knee length at the minimum and shirts should have at least quarter sleeves. Low-cut blouses and shirts are also not permitted. The sensitivity to the appearance of modesty increases markedly during the Muslim holy month of Ramadan and should also be taken into account.

Do not wear:

- Flip-flop sandals

- Any item that is ripped or torn
- Any item that is wrinkled and has not been ironed
- Mini-shirts

Teachers who show up for work in inappropriate attire will be sent home to change to appropriate clothing.

Hygiene

Hygiene is also an important issue in projecting a positive image of the school. It is also essential in maintaining a healthy work environment in which one employee does not offend another. Men should be clean shaven or trim their facial hair so it does not appear unruly. Men are also not permitted to wear earrings. Both women and men should have hairstyles that are tidy and trim and present an image of professionalism. Specifically, men are not permitted to have long hair. Staff with tattoos or skin/tongue piercings are required to cover tattoos and remove body piercings **prior to arrival on campus**. Visible body and facial piercings and tattoos are not permitted at work. Daily bathing and use of deodorant will ensure first impressions are good and lasting ones. Employees will be dealing with students, parents and co-workers on a daily basis and should be aware that **ABS requires them to maintain this standard of appearance, grooming, and personal hygiene.**

ABS has the authority to regulate parking spaces and vehicles using the spaces provided. No person or organization shall be permitted to use School parking without completion of the vehicle registration form. ABS may revoke this privilege because of misuse of parking facilities.

The operator of a vehicle on property owned by the School is responsible for complying with all parking and traffic laws, ordinances and regulations and is subject to the established penalties for violation.

Vehicles may not be parked beyond the big gym. Parking in the narrow area beyond the gym is prohibited.

The operator of a vehicle found to be improperly parked may be fined up to **KD 20.000** for the first offense and **KD 40.000** for the second offense (to be deducted from payroll for the current month). If the operator is found to be in violation for the third time, his or her parking privileges will be revoked indefinitely.

All staff members are expected to attend unless approval not to attend is given before the meeting. Staff meetings will be held on a weekly basis.

Ordering of Materials

Staff may make recommendations to the Superintendent for needed work supplies, equipment, and materials. Every consideration will be given to these requests. Large orders are sent in after the first of the year for the following year. A request form is available in the copy center that must be approved by the Superintendent prior to purchase. Do not make any purchases prior to approval under the assumption that they will be reimbursed.

Requesting Materials from Students or their parents

Teachers are required to seek Principal approval before requesting that students bring materials to school for use in the classroom. This includes Kleenex, party supplies, books, stationery, etc.

Sexual Harassment

ABS believes that you should be afforded the opportunity to work in an environment free of sexual harassment. Sexual harassment is a form of misconduct that undermines the employment relationship. No employee, either male or female, should be subjected verbally or physically to unsolicited and unwelcomed sexual overtures or conduct.

Sexual harassment refers to behavior that is not welcome, that is personally offensive, that debilitates morale and, therefore, interferes with work effectiveness.

Behavior that amounts to sexual harassment may result in disciplinary action, up to and including dismissal as well as referral to the appropriate authorities.

ABS defines sexual harassment as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

- submission to such conduct is made either explicitly or implicitly a term or condition of your employment
- submission to or rejection of such conduct by you is used as the basis for employment decisions affecting you
- such conduct has the purpose or effect of unreasonably interfering with your work performance or creating an intimidating, hostile or offensive working environment.

ABS wants all employees to have a work environment free of sexual harassment. Therefore, sexual harassment is specifically prohibited and is a violation of ABS policy. ABS will not tolerate sexual harassment behavior in the workplace and will take action to prevent or eliminate this behavior.

If any employee experiences or observes sexual harassment behavior in the workplace, he/she must report it immediately to the Human Resources Manager, Superintendent, or to his/her supervisor. Employees may also report sexual harassment behavior to a member of ABS management or ownership. To the extent possible, strict confidentiality will be maintained for employees affected by complaints of sexual harassment.

ABS will not tolerate employment-based retaliation against anyone who makes a complaint of sexual harassment or who speaks as a witness in the investigation of such an allegation. Retaliatory actions by any ABS employee against another ABS employee, when related to issues of sexual harassment or illegal discrimination, is specifically prohibited.

Disciplinary action, up to and including termination of employment, will be taken against any employee found in violation of the ABS sexual harassment policy.

Note that if sufficient suspicion is present, such action will be taken even without direct evidence. It is important that staff members stick to a two-person rule, and are **never alone with any student** behind closed doors or out of the close physical presence of another faculty member, even of the same-sex if the staff member is a male. A criminal background check will be conducted on all employees to ensure the safety of the students. In addition to the hiring and pre-employment screening process used in hiring new employees there will be an ongoing evaluation of all employees who are in a position to be in contact with children. Persons who, as a result of the process, are determined to be at risk with children will not be offered a position at ABS or will have their employment contract revoked if they are already an employee.

Change of Status

Maintaining accurate information regarding employees is essential to the successful operation of any business. - **All staff are required to be on campus at the time stated above Sunday through Thursday**

In some instances, (e.g. parent/ teacher conferences, School fairs,) staff will be required to be present at non-regular working hours and/or days of the week. Such occasions are not “optional”, they are mandatory. This is not considered overtime, and no extra pay should be expected, but is a requirement of all school staff.

If an occasion arises when you cannot arrive on time, you are responsible for informing your immediate supervisor of the delay **between 6:00 am and 7:00 am** and at what time you will report for work. **Repeated tardiness will result in deduction from your salary and may constitute grounds for further disciplinary action.**

If you are delayed past **11:00am**, it is considered forfeiting the entire workday and will be deducted from your available sick days (*see Sick Leave Policy.*)

Return to Kuwait after holiday breaks

Teachers are required to arrive in to Kuwait no less than 24 hours before start of work. Administrators are required to arrive no less than 48 hours before start of work.

Leaving Campus During Working Hours

Leaving campus during working hours is not permitted without approval from your Principal (teaching faculty) or Supervisor (admin staff). Staff members who are found to be off campus without approval will have one day’s salary deducted from payroll for the first offense. Future offenses will be dealt with more severely.

- 6 days with three quarters wage
- 6 days with one halves wage
- 6 days with one quarters wage
- 6 days with no wage

Sick Leave can only be awarded if a doctor's note is obtained and submitted along with the ABS Sick Leave Form.

Sick leave is **never** approved on a Thursday, Sunday, or a day prior to, or after any holiday. Staff absent on these days will be financially penalized for 2 working days and not eligible for sick leave. Leniency on this policy is considered on a case-by-case basis.

Consistent attendance is an essential duty of all ABS staff. Frequent absences cause disruption to students, as well as place an unnecessary burden on fellow faculty/admin staff. Faculty members absent more than 3 days in the academic year will have subsequent absences reviewed for legitimacy. Teachers who accumulate more than 6 absences in the academic year may have their employment contract terminated if absences are deemed frivolous.

Every absence due to sickness or injury must be accompanied by completion of the Sick Leave Form. The employee requesting sick leave must call their principal or supervisor between **6:00am** and **7:00am** to inform them of their absence as well as having substitute teacher lesson plans easily identifiable in their desk. **Instructions for the substitute teacher are the responsibility of the teacher.** These instructions should contain lesson plans and textbooks in use, etc.

If a teacher is absent, substitutes will be drawn from a pool of teachers during his/her prep period. In order to be fair to those teachers who have a perfect attendance record, the pool will consist of teachers who have been absent since the beginning of the school year.

Absence during final 5 weeks of academic year

All absences by Teaching staff during the 5 final weeks of the academic year, will be unpaid and unexcused. This includes absences accompanied by a doctor note. There will be no approved leave during this time period.

Employees shall be informed in writing of the date the employee is expected to return to work. An employee who fails to return to work when scheduled, for whatever reason, shall be considered to have resigned his/her employment with ABS. An employee who takes maternity leave and who returns as scheduled will be returned to his/her former position, if such position exists. If the employee's position no longer exists, ABS will make every effort to return the employee to an available, suitable alternative position.

ABS considers the education of its students its primary goal. We also take pride in adhering to high ethical standards. There will instances in which parents may ask that their child receive special tutoring from an ABS staff member for a fee. However, it is **strictly prohibited as well as unethical** for a teacher to tutor his/her own student for a monetary fee.

If an occasion such as mentioned above arises, the Staff member should refer the parents and the child to Oxford Learning Center, a tutoring company we officially endorse. This Policy ensures adherence to the School’s Non-Competition and Confidentiality Undertaking as well as promotes presenting a variety of sources to help a student achieve success in the academic arena.

Employee Standards

Semester Exams (High School only) must be stored in the library under the supervision of the school librarian and High School Principal.

Teachers may not take exams home to grade. All exams must be graded on campus and scanned back in at the library prior to leaving for home at the end of the work day.

Staff Discipline

ABS attempts to provide employees who violate policies or exhibit unsatisfactory job performance an opportunity to comply with faculty or departmental requirements by means of progressive disciplinary actions.

Employees are expected to abide by the established rules and policies of their departments, and the school. To enable them to do this, administrative officials develop clear and reasonable departmental policies and performance expectations, investigate the circumstances of apparent policy or rule violations or unsatisfactory performance before taking disciplinary action, and ensure that prompt, consistent disciplinary action is administered.

The intent of this policy is to use a series of progressive disciplinary actions when appropriate as a means to assist and encourage employees to correct their conduct and to achieve satisfactory work performance. Particular circumstances may, in some cases, be exceptional or singular and the related disciplinary actions shall be tempered or expanded because of the facts of the situation. Violations of the school rules against child abuse and inappropriate relationships with students and other minors, sexual harassment, the staff Rules of Conduct contained herein, or other ABS, and/or departmental rules or policies may result in specific disciplinary measures, including discharge.

Employee Discipline Policy

ABS has instituted a *series* of disciplinary actions, corrective in nature, in order to provide employees the opportunity to improve job performance and comply with departmental and school policies. Such actions range from counseling/coaching, verbal and written warnings, disciplinary probation/disciplinary suspension without pay, financial penalties, to discharge, as deemed appropriate by the school disciplinary committee.

The responsible administrator, with the assistance of the Human Resources Manager shall also determine whether particular violations of the ABS Staff Rules of Conduct and other ABS and/or

departmental rules or policies are serious enough to warrant immediate specific disciplinary measures outside of progressive discipline, including discharge. Where "serious violations" are referenced in this manual, "serious violations" shall be those acts of serious misconduct, or conduct which could result in injury or loss of life, property, or impairment of school operations, or disregard of the school's policies on sexual harassment or rules and guidelines on child abuse and inappropriate relations with ABS students and other minors.

PROCEDURES

Step 1 - Counseling/coaching is the most common method employed for assisting the employee to improve work performance or comply with rules and policies. Counseling or coaching should be a cooperative attempt at determining and correcting the problem. With the exception of serious failures to conform to rules and/or policies, as determined by the responsible administrator, disciplinary actions will occur only after counseling/coaching efforts have been unsuccessful. Administrators will keep notes and documentation of such counseling/coaching efforts.

Step 2 - Warnings may be either verbal or written. A written warning is used for more serious errors, failure to meet job requirements or violations of rules and/or policies, as determined by the responsible administrator, or when a verbal warning has not produced satisfactory results. Either type of warning shall specify problem(s) and what action is required to correct it. The responsible administrator who issues a verbal warning shall maintain notes of the date and contents of the discussion and shall advise the employee that a record is being maintained.

A written warning shall explicitly state that it is a "written warning" and shall specify that further disciplinary action will ensue if the employee fails to achieve a satisfactory level of performance. A copy of the warning shall be sent to Human Resources.

Step 3 - Disciplinary actions are of two types, disciplinary probation and disciplinary suspension, and shall be used when a prior warning does not produce satisfactory results in correcting behavior which is not in compliance with ABS/departmental rules of conduct or uncorrected performance deficiencies, or when the responsible administrator determines that a violation of a rule and/or policy is serious enough to warrant such action without prior use of less severe discipline. In serious cases, both types of disciplinary actions may include financial penalties.

Table of Financial penalties for employee disciplinary action:

	Salary Penalty
Minor repetitive cases	1 to 2 day salary deduction
Serious cases	3 to 7 day salary deduction
Severe cases	8 to 14 day salary deduction

Disciplinary probation shall be for a specified period of time, not less than 1 month nor more than 6 months, during which time the employee's performance or behavior shall be closely monitored in an effort to effect improvement or change. Disciplinary probation is usually applicable to unsatisfactory job performance or dependability problems, such as unsatisfactory attendance, and carries an implied obligation to retain the employee for the duration of the period of disciplinary probation. If, however,

new problems arise during a disciplinary probation period or performance significantly declines during this period, immediate discharge may occur.

Disciplinary probation shall be initiated by memorandum to the employee which explicitly contains the following:

1. Inclusive dates of probation period.
2. Specific nature of problem(s) resulting in probation, including specific examples of incidents for each problem.
3. Corrective action required, including specific and reasonable standards related to the deficiencies outlined in #2, above.
4. The consequences of failure to correct the problem(s) within the disciplinary probation period.
5. Notice that immediate discharge may occur if new performance deficiencies arise within the disciplinary probation period.

A copy of this memorandum shall be provided to Human Resources.

Disciplinary suspension is the temporary release from duty of a regular staff employee for up to 30 calendar days without pay and is applicable when the responsible administrator determines that a violation(s) or repetition of violation(s) of ABS, faculty and/or departmental rules and policies are serious enough to warrant suspension. This action shall be preceded by a pre-suspension without pay meeting. Should a full-time employee's conduct warrant more than two suspensions within a two year period, dismissal and termination of the employment contract shall be considered.

Written notice of disciplinary suspension shall be given the employee with a copy to Human Resources and shall include the following:

1. Reason for the disciplinary suspension.
2. Reference to and conclusions drawn from the pre-suspension meeting.
3. Inclusive dates of suspension duration.
4. Advice to employee that failure to return to work on the first scheduled workday following the suspension will result in discharge.

Discharge is the involuntary termination of the contract of an employee by a responsible administrator. The discharge of a nonprobationary full-time Staff employee shall not occur unless there is a serious violation(s) or repeated violation(s) of ABS, and/or departmental rules or policies, or uncorrected failure to meet job requirements. A predischarge meeting shall be scheduled and shall precede the decision to discharge an employee.

The affected employee shall be notified in writing of:

1. The reason for discharge.
2. The facts of and conclusions drawn from the predischarge meeting conference.
3. The effective date of discharge.

The appropriate payroll documents shall be processed in a sufficiently timely manner to ensure that any discharged employee receives all wages due on the next regular pay day. The employee must report in person to the accounting office to sign final exit papers in order to receive the final settlement paycheck.

Verbal abuse and Hostile behavior

A staff member who verbally abuses or exhibits hostile behavior with a Principal, teacher, staff member, or student will have their contract immediately terminated in accordance with article 55 of Kuwait labor law.

Employment Contract Renewal

Non-Renewal of Teaching Contract

Through the evaluative procedure, certain defects may be shown to exist in a teacher's performance. The teacher is expected to take corrective action and the administrator will make frequent observation to ensure that such effort is being made. If after these observations the situation remains unresolved, the administrator will inform the teacher in writing that non-renewal of contract is imminent.

Premature Termination of Teaching Contracts and Administrative Contracts

A teacher's contract may also be terminated for specific written reasons; such as inappropriate/professional misconduct, poor performance, consecutive unacceptable evaluations, drop in enrollment, or other uncontrollable causes.

Renewal of Contract

All faculty renewals shall be in accordance with the teacher contract. Faculty members wishing to renew their contract with ABS must do so between December 15 and January 15. After this time, all remaining positions will be released for open recruitment.

Termination of Administrative Contracts

An administrative contract may also be terminated for specific written reasons; such as professional misconduct, poor performance, consecutive unacceptable evaluations, etc.

Administrative contracts require a minimum of 30 days written notification of termination/resignation, with the final day of employment to occur between the 25th and the 30th day of any month. Managerial positions require a 45 to 60 day notification in cases of resignation. This is to allow sufficient time for recruitment and training of replacement staff.
